

DAHLIA
BE ENLIGHTENED

*Innovating in office
weight loss*

DESIGN MATTERS

When it comes to light therapy systems, most companies brag about how many LEDs they use or claim they have the most power. Because they don't understand how the light affects the cells, they end up blasting your clients with thousands of LEDs hoping to get results. But the truth is that more light does not get more results.

Dahlia's WideCone coverage technology pushes carefully blended wavelengths into the cells at just the right intensity. Every pad monitors itself and adjusts to give the right treatment. Sure, we have a ton of power. But we get results because we know how to bathe the body with pure light.

JUST FOR BLUEPRINT CUSTOMERS

Blueprint has negotiated a special purchasing program for Dahlia Systems. Blueprint customers receive deals that aren't available anywhere else.

Dahlia offers a FREE 2 Week Trial so you can see the results for yourself. And, when you complete the purchase of a Summit Package, we'll send you 2 Free Home Pads. That's a \$6000 retail value.

You've invested in automating your practice with Blueprint. Now, Blueprint and Dahlia are working together to take your practice to the next level.

REVENUE

Net New
Income of
\$350,000+
a year.

Significant ROI
over 750%
